ST. PETERSBURG, May 15.—The reports of a great Jewish massacre at Troopet, Russia, are pronounced here to be without foundation.

PRESIDENT CAMPS AMONG BIG TREES.

For a Second Time on His Journey He is Entirely Secluded.

Detachment of Ninth Cavalry Meets Him at Wawona—Chief Executive Tells a Crowd that He Expects to Have a Good Time During His Four Days Stay in the Yosemite Valley—Sleeps in the Open Air.

[BY THE ASSOCIATED PRESS—P.M.]

WAWONA, May 15.—The President, for the second time since he left Washington, is here on a trip, is cut off from communication with the outside world.

He is camping in the Big Trees country, and will remain secluded until Monday morning. His special train arrived at Raymond early this morning, in fact, before the President had finished his breakfast. A detachment of the Ninth Cavalry, which is stationed at Wawona, was at the station to meet him, and acted as an escort in the Big Trees country.

The President and his party then rode to the Big Trees country, and the ride had not progressed far before the members of the party resembled individuals clad in khaki. Lunch was eaten at Ahwahnee, which place had been reached in record time. In fact, the whole drive from Raymond to the Big Trees was a record.

SYMPATHETIC NONSENSE OF THE AGITATORS.

SOUTHERN PACIFIC BOILER MAKERS PESTERED BY NUISANCES.

General Manager Kruttschnitt Makes a Public Statement Showing the Absurdity and Unsoundness of Impending Strike and Its Inception.

In their efforts to promulgate a sympathetic strike of the boiler makers of the Southern Pacific Railroad, the labor union walking delegates and their leaders have been especially persistent in Los Angeles for the past several days. The local Southern Pacific boiler makers, who are contented with their wages and working hours and who have been working steadily for some time, have been pestered by these agitators and their followers, who are at work and at home, until they are weary and annoyed. The agitators are trying to induce the boiler makers to strike against the Southern Pacific Railroad, which is a public utility, and which has been working steadily for some time.

neighbors will be corner mongers and second-hand clothes dealers. The situation is explained by the statement that for once in his life Astor has made a bad shot. The great new thoroughfare from Holborn to Strand, which is now in course of construction, and which has been the subject of so much municipal discussion for the last two years, attracted the attention of Mr. Astor some time ago when a large section of the publisher's estate was sold. It should be named Broadway.

Walk-Over 3.50 SHOES

Held in high esteem
By the careful dressers of every State in the Union and forty-two foreign countries. It's an international favorite—the demand keeping the Walk-Over factory crowded to its capacity of 10,000 pairs a day.

And it's the economies effected in the production and distribution of these enormous quantities that make the price possible. The Walk-Over equals the best \$5 shoe you ever had your foot in—equal in choiceness of leathers, snappiness of styles and perfection of workmanship.

The Walk-Over is really a \$5 shoe for \$3.50, and it's the only shoe in America on which this saving is really made.

Sent, charges paid, to any address in the United States for \$3.75.

Crack Marksmen from All Over the Southwest Bang at the Swift Clay Pigeons.

ENTHUSIASTIC MARKSMEN.

UNDER conditions of wind and sky that made sensational scores an impossibility, the Ocean Park Country Club yesterday inaugurated the first of a yearly series of bluecock tournaments in the presence of a crowd which taxed the increased capacity of the grounds to the utmost, and exceeded the most sanguine expectations of the Executive Committee.

In all the history of Southern California trapshooting, never before was there such a turnout of marksmen at an opening day as that which faced the beach traps yesterday morning. Not only knights of the trigger from Southern California were there; a number of the ablest shots of San Francisco laid aside their business cares and were on hand early, prepared to contest throughout the shoot. Men from Monterey, from Pacific Grove, from Fresno and other San Joaquin Valley points vied with their brethren in arms from Wickenburg and Prescott, Ariz. The entire Southwest was well represented, and the delegations from San Bernardino, Redlands, Riverside, Santa Ana and San Diego came fully up to the record set several years ago.

Herzog gets busy

McDonald cleans his gun.

Squad No. 4 at the traps

when the north and the south clashed in the historic team shoots, of which all the veterans love so well to tell. From the first gun in the morning to the close at night, the shoot proceeded with unusual smoothness, and what little delays there were resulted from occasional mistakes in scoring, excusable on account of the darkness of the day, which rendered "perceivable" pieces very often a thing of greater bigness than the legal thumb-nail. Owing to the sudden illness of Samuel Smith, the responsibility for running the day's affairs devolved upon the broad and capable shoulders of C. D. Hagerman, who presided over the books and aided by Chief Rustler Louis Herzog and Assistant Squad Rustler Pumpkin McDonald, kept the order of events straight, and made the shooters hasty. There wasn't a kick during the day, though a few of the visitors expressed the belief that it would be better to make three money instead of four. Pursuant to this opinion Mr. Hagerman called a brief meeting at the clubhouse after the day's program, and it was then decided to get the matter to a vote of the shooters this morning, and should a majority decide in favor of the straight check system, as appeared likely last night, three money and not four will be made hereafter. The reason for this is obvious, as with four money there are too many in the "cut" to make straight scores worth much more than the price of entrance.

Owing to the failure of their train to arrive as soon as expected, Messrs. Nauman, Haight and the rest of the San Francisco shooters were not able to participate in the opening squads, and Nauman did not get down in time for the first event, but when he finally unlimbered his pet hammer gun and trained it on the saucers, those present were treated to as fine an exhibition of bluecock smashing as any lover of the game would desire to see. Nauman was in his usual form, and first honors in the day's work were a matter of course. During his shooting, which covered a period of some 110 birds, Mr. Nauman dropped just ten, his nearest competitor being considerably behind him. The fact that he did not participate in the first ten-bird race will probably keep him from the high-average trophy unless some arrangement be made whereby he can fill out his score.

Short, and not of very muscular build, Nauman burns a terrific load of Dupont smokeless, and he believes in getting his old hammer gun onto the rox just as soon as his natural speed will allow. Sometimes he breaks the straightaway before they get ten yards away from the trap, and when he is in good form it is touch and go with him from the start. Charles Van

Valkenburg of this city uses a similar style, but Nauman is about the quickest thing on the trigger ever seen here. His gun appears to be an open, even shooter, which makes it possible for him to get the proper pattern for such a snappy work.

Beside Mr. Nauman, San Francisco was represented by Clarence A. Haight, who shot consistently all day; D. Daniels, Harry Hoyt and James McDonald. The entire squad did itself proud throughout.

The San Diego representatives entered together, and one squad was made up mostly of them, George J. Garretson, Ed. A. Fano and C. L. Judson held up the honors for that city, and the last two were well up when the final count was made.

W. H. Varian, a little man physically, but a giant with the shotgun, was present to represent Pacific Grove, and, attired in his neatest red shirt, he was breaking them close and far, morning and afternoon, with unvarying success.

It has come to such a pass nowadays that no Southern California shoot is considered orthodox without the presence of D. B. McDonald of Frisco, and yesterday this jovial gentleman was present with the proverbial blon, plus pumpkin, and though old Betty showed the effects of long years of wear and rattled some at the point, Mr. McDonald managed to steer the trombone with dire effect whenever there was any money up. Apropos of his shooting ability, a good story is told on a certain Santa Monica shooting-gallery proprietor, McDonald is a crack with the 22 rifle, and at this place, J. H. Walker of San Diego, F. Stone of Fresno, S. Yancey of Bakerfield, A. L. Decker of Pasadena, C. E. Connor of Redlands, George Delbert of Florence, Colo.; Messrs. Manchester and Dr. Tabor of Riverside and J. A. Gibson of Ojai were con-

testants in all the day's events that counted on average. A more representative turnout was never seen at any local bluecock shoot.

Early in the morning the high fog and glare from the rising sun made it extremely difficult to scratch straight scores even in the ten and fifteen-bird events. As the day grew older a stiff sea breeze came up, and it swept quartering across the field, disturbing both sets of traps and making occasional birds soar or swoop in a totally unexpected and ungaugeable manner.

About 10 o'clock, when one squad went to bat, the breeze became so gusty that no man living could have scored a straight except by accident. No two birds were behaving alike. Later on the breeze became steadier and scores improved with regularity.

The opening event was a ten-bird shoot and only four out of thirty-four ran out their string. The rest wandered all the way from four to nine, and in the second event, a fifteen-bird race, straight was like hen's teeth, scarce and far between. W. W. Shemwell, who shot through the day in magnificent form, scored his fifteen, and Ed. Vaughan followed suit, both in the first squad. Proud long after registered a clean row of breaks, but the rest had to take pot luck. The third event was even worse. By the time it was shot off the wind had reached the summit of its pernicious effort, and C. E. Coultas of Oxnard was the only man to turn in a clean tally sheet.

Most of the shooters made up for it in the next inning, which was a twenty-bird race, and closed the morning's sport. Hagerman and Shemwell opened suspiciously with the full number of breaks, and W. H. Varian followed suit. Clarence Haight also got into the first-money division with twenty, and then a general adjournment, by squads, was taken for lunch.

First in the afternoon's shooting came the fifty-bird argument for the Tufts-Lyon Challenge Medal, and for the sake of convenience the contest was split up into two sections, twenty-five birds in each. The race was for a time a very pretty one and any of a dozen different contestants looked like a possible winner, but in the last half Fred R. Mills of Bolas struck his gait and moved on a winner with forty-six breaks in the fifty shot at. Oscar Hibbard of Manvel was a hot second with forty-five, and had the decision of the referee on one of Mills' birds been final they would have been tied. Mills, however, broke the bird in question, and the spectators sustained his challenge. Quite an argument arose regarding the finality of the referee's decision, but it developed the fact that in order to be official there should be two referees, and they must be agreed. Several doubtful birds were allowed yesterday after they had been called lost, but in each case there was plenty of evidence.

With the Tufts-Lyon medal out of

the way, and retained by its former possessor, the rest of the day's program was shot out, and after it followed a pair of sweepstakes events. Some of the contestants could not get enough and wanted apparently to shoot by electric light. The suggestion is gratis.

Considerable talk was made at the clubhouse yesterday regarding the formation of a State organization to award dates for clubs and see that these dates are not conflicting. At present there is a big shoot going on in Sacramento which kept a number of northern men from attending the one now in progress here. Inasmuch as the Ocean Park Country Club intends to give a shoot every May, and the Los Angeles Gun Club gives semi-annual tournaments, not to mention the Pastime Gun Club of San Diego, the San Bernardino, Pomona, Santa Ana, Redlands and other Southern California shoots, there is good field for such an organization and it will be long before as many shooters are together in as good a place to effect its formation as now.

Inasmuch as there were fifty shooters on hand yesterday and the opening crowd is always the smallest of a shoot, the management expects to start off promptly at 8:30 this morning and the shooters will kindly take notice. The matter of settling how many money are to be made in future must be decided before the day's sport begins, and it would be well for everyone to be on hand early.

Many of the visitors are staying at Ocean Park, fishing in the mornings and evenings, making their trip an all-around pleasure with occasional dips in the surf to lend variety. Ocean Park is pronounced by all the outside shooters perfect. To a man they say they will all be here next year.

Counting out Naumann, high average for yesterday's shooting lies somewhere between Shemwell, Mills, Vaughan and Varian, all of whom broke 100 out of their 120 birds programmed. Naumann shot at 110 and broke 100 for a percentage of .909, which is considerably better than the .783 of the high average men. High Naumann shot his other 10 he would have had to score only 7 in order to win.

There are 14 birds on today's program, and the feature is the Ocean Park Country Club's two-man team championship, twenty-five targets to each man.

Between sixty and seventy shooters are expected this morning.

MUST SHOW THEIR METTLE.

Members of the Police Force to be Put Through the Paces This Morning by the Civil Service Commission.

If it were possible to sell tickets to Turnverein Hall for a show to be given there this morning, it is probable that the attendance would be larger than the capacity of that commodious hall. The members of the police force are to be put through their paces today for the edification of the Board of Civil Service Commissioners, and upon the result hang several police jobs.

Just what will be on the card the officers do not know; but anyone of them would much rather face the "Oriental" degree in any lodge than go through with what they fear is in store for them. They have been notified to appear there ready to be examined physically, mentally, and what is more surprising, morally as to their fitness to occupy the positions which, by the grace of political preferment or otherwise, they have been holding for more or less extended periods.

Some of the members of the force who must face this examination will do so with fear and trembling, while others express perfect confidence in their ability to do all that the Civil Service Commission wants them to do. What they would like to know is what the result of this examination will be. If the civil service commission decrees that the men who make the highest averages shall take the higher places in the department, some of the best officers on the force will have to take subordinate places, for it is admitted that even among the new men there are members of the force who probably would pass a better examination than some of the older men while at catching thieves they would not be in it.

RIVERSIDE.

FISCHER CONFESSES MORE.
RIVERSIDE, May 11.—The Fischer murder tragedy is still fresh in the minds of Riverside. It will be remembered that when the charred remains of Mrs. Clara Fischer were found in the little room used as a kitchen in the Stevens block, the fight arm was broken just above the wrist. When Fischer confessed to the horrible crime, he insisted that he had used no violence. He said he chloroformed his wife and that she was unconscious when he laid her on the floor, poured gasoline over her, and set fire to it. He could not account for her arm being broken. A letter received yesterday by Sheriff Coburn from his wife, who is in San Francisco, states that Mrs. Coburn visited Fischer at San Quentin and had a long talk with him, during which he confessed to having broken his wife's arm before he succeeded in chloroforming or choking her. Fischer is sentenced to be hanged July 15, two months from today.

PASSING PICK-UPS.
County Clerk W. W. Phelps, of this city, has been honored by being elected grand warden of the lodge of Odd Fellows for California. The office of grand warden is in direct succession to the highest office of the order in the state, that of grand master. Mr. Phelps has always been prominent in local Odd Fellow circles.

A meeting of the Elmhurst Literary Association was held Wednesday evening at the home of O. L. Mooreman. The principal subject for discussion was "India-Its People and Paper of the evening being read by Mr. James H. Boyd.

Mr. and Mrs. W. J. McIntyre have received word that their son, Ensign Edward McIntyre, has been commissioned a lieutenant in the United States navy.

The school census, which is about completed, shows a healthy increase in the city schools. The 1901 census showed a total of 2673 children of school age in Riverside. In 1902 the total is 2826, a gain of 153, or nearly 6 percent.

A meeting of the Fish and Game Protective Association of Riverside was held this evening at the residence of D. G. Mitchell, to choose delegates to attend a general meeting of similar organizations in Southern California, to be held next week in Los Angeles.

The full list of officers of the East Side Improvement Association, which intends to actively push the interests of that section of the city, is as follows: President, Dr. J. F. Brown; vice-presidents, J. H. Reid, M. F. Coleman, Lester Cori; secretary, C. F. L. Kinneer; treasurer, H. K. Small.

Mr. and Mrs. L. W. Stevens and sons, accompanied by Mr. and Mrs. A. M. Chave of Brantford, Ont., spent the winter here, left yesterday on an overland trip to the Yosemite. They expect to be gone two months.

SAN BERNARDINO.

WEEKS THE FAIR FEATURE.

SAN BERNARDINO, May 11.—Each succeeding day finds the Street Fair growing in interest and in the attendance, which has been unexpectedly large from the near-by towns, Riverside, Redlands and Colton in particular. The Traction Company is reaping a golden harvest while the dinky road locomotives on the Espee's road to Riverside are having the most strenuous time of their life pulling the crowds of people to and fro between the two county seats. A trip to Riverside on the midnight motor, when the spirits of the revelers is at concert pitch, is no dream.

This morning, there were the usual band concerts at the Queen's throne and the band organs. In the afternoon, the Elks paraded and had things all their own way until evening, when King Rex and his court made their first appearance. There was a carnival parade, that was a gem in its way, and which was reviewed by the Queen and her court at the throne, King Rex and his followers being royally treated with due formality and great gusto. Later on, a ball was given at the Pavilion in honor of his royal highness, King Rex.

The Elks parade was the feature of the day. The members of San Bernardino Lodge No. 836 were out in full force, wearing silk hats and black dresses, and carrying candles decorated with purple, the color of the order. Dr. L. M. Heard was the Grand Marshal of the day and Dr. E. R. Lyman was Marshal of the Elks Parade. The Redlands Lodge and the San Diego Lodge were also well represented, and there were a lot of "mavericks" in line. In the carriage at the head of the procession with J. J. Hanford and other prominent members of the order, rode Charles C. Chesser, the Elks' Grand Dragon, a member of San Bernardino Lodge, the baby lodge of the world. Mr. Chesser is 34 years of age and is hale and hearty.

BANQUET TO MAGNATES.
The banquet given last night at the Stewart by the Board of Trade to the railroad magnates and capitalists is conceded to be in a class all by itself, nothing on like lines of importance having previously been attempted here. Judge F. W. Greig made a most felicitous address of welcome to the distinguished guests. H. E. Huntington was first called upon and was accorded a most enthusiastic reception. Mr. Huntington, however, after making courteous acknowledgment of the ovation, said that he had a substitute with him to do the talking, and called upon J. R. Slanson, of Los Angeles, to speak for him. Mr. Slanson responded in a happy vein, and was followed in remarks, brilliant and witty, by J. Ross Clark, of the South Atlantic Coast, and D. H. Hicknell, J. B. Gill of this city, R. H. Ingram of the Southern Pacific, and J. J. Byrne, of the Santa Fe. The keynote of the evening seemed to be struck by Mr. Clark, when he said: "The Salt Lake road will not pass San Bernardino by."

BERDOO BRIEFS.
Another serious accident happened yesterday afternoon at the Decies quarries resulting in the maiming for life of Fernando Ortiz, a quarzerman. A huge boulder worked loose from above where the men were working, crushing one of Fernando's legs to a pulp.

The trial of "Poker," Davis' warm friend, John Webb, an alleged pick-pocket, has been set for next Wednesday morning. The District Attorney

has notified "Poker," who put up \$1000 in cash to secure Webb's release from custody pending the trial, that if Webb isn't on hand sharp to the minute, the \$1000 will be declared forfeited. The officials will then proceed to scour the country for Webb.

A vehicle containing Mr. and Mrs. B. E. Owen and daughter, and Miss Withers, all of Redlands, was overturned yesterday afternoon at Fourth and D streets as a result of the horse shying. Mrs. Owen's arm was dislocated, and the others were more or less seriously bruised.

Mrs. B. E. Sibley, mother of County Treasurer H. D. Sibley, fell from a tractor car yesterday and fractured her right hip.

Sheriff Ralph yesterday closed up six surety gamblers that have been operating here during the fair. "Poker" Davis was interested in one or more of these efforts.

REDLANDS.
WOMEN INJURED.
REDLANDS, May 11.—Yesterday while Mrs. G. S. Gay and daughter and Mrs. H. H. Garetin were driving on East Olive avenue the team became frightened, throwing the three women to the ground. Miss Gay sustained only a few slight bruises, but Mrs. Garetin and her daughter were both severely cut about the head. One of the horses was injured and the surer was smashed, not a spoke being left in the wheels.

BERGSTROM-KIMBERLY.
A charming wedding was solemnized yesterday at the home of Mr. and Mrs. Clinton J. Curtis, the bride being Miss Nancy E. Kimberly of Redlands, and the groom Edwin Bergstrom of Los Angeles. Promptly at 2 o'clock the bride entered on the annual celebration, La Fiesta de las Flores.

Some one tampered with the wires in the Fisher building so that all the telephones in that block are disconnected. The Sunset Company is trying to find the guilty party. A striking line man is suspected.

Baggageman Whittemore is laid up with a sprained ankle, caused by jumping out of a car.

Mrs. Julia Meigs Poole, who has visited Mrs. K. H. Meigs for some time, went to Santa Barbara yesterday to be the guest of her brother before resuming her journey to her home in New York.

Irving S. Watson of Long Beach was a Redlands visitor yesterday.

Mr. and Mrs. L. W. Stevens have gone to Perris for a ten days' visit with friends.

Mrs. H. H. Linean and Mrs. A. E. Haight went to Oceanside yesterday to remain through the summer.

SANTA ANA.
CHOWHAR PIERCES HAND.
SANTA ANA, May 11.—Sometime D. Taylor's left hand was pierced through the palm yesterday afternoon while he was at work for the Home Telephone Company, putting up poles on French street. Taylor's hand was on a crowbar, when a pole slipped and struck him on the palm. The accident is very painful, but no serious consequences are feared.

TENNIS TOURNAMENT.
Five teams of local tennis players have made arrangements for a two weeks' series of tennis tournaments to contest each afternoon except Saturday, making a total of twenty games.

The games will be played on the Crookshank, Tubbs and Hickox courts, two courts being occupied each evening. At the conclusion of this preliminary tournament, a more extended series for women's and men's championship in singles and doubles will be played, practically all the local players identifying themselves.

LITTLE HAPPENINGS.
The fire department responded to a call at 2 o'clock this morning to extinguish a blaze in the barn of Rev. C. Green, pastor of the German Evangelical church on Riverside avenue. The structure was almost entirely burned with its contents, including three wheels, a buggy, two tons of hay and several sets of harness, the loss approximating \$500. The fire is supposed to have originated from the remains of a bonfire near by.

The funeral of Ethel Marie, the nine-year-old daughter of H. O. Schabach, who died May 4 at Oceanside, Ind., was held this afternoon.

Grand Hotel, son of Supervisor U. C. Holderman of Tustin, broke his wrist Saturday by falling from a tree.

E. R. Prince and Son of Clay Center, Kan., have bought the business of the Santa Ana Ice Company.

A son was born to the wife of John Chawner of El Modena Wednesday, and a son to the wife of Henry Chandler of Orange yesterday.

The Thomas Yorda tract of 865 acres above Yorda, was sold today by order of the Superior Court to R. B. Wardlaw, for \$2300. The land is in Riverside county, but the estate was administered in the local courts.

Miss Rosa Boyd entertained at her home on Main street yesterday afternoon.

The Pacific Electric surveys reached Santa Ana this morning and spent the day running lines on Fourth street to intersect with the survey near the river. The line crosses the river about quarter of a mile above the bridge and intersects Fifth street and Fifth streets, leaving the choice of route for the city to the decision of the engineers.

a hole through his right foot this week by the accidental discharge of a pistol. It is thought the foot can be saved.

Fritz Martin entertained friends at Armory Hall on his 24th birthday. Refreshments were served.

A family reunion was held at the home of Mrs. Kellogg in West Anaheim, this week, at which thirty-one members of the family were present.

The reunion was held in honor of Mrs. Emmaline Butler, sister of Mrs. M. O. Kellogg, who has been spending the winter here and is about to return to her home in Calistoga, Cal.

Misses Tullie and Stella Schwenker departed yesterday for Williams, Ariz., for a three months' visit with their brother, F. B. Schwenker.

Mrs. Green of Riverside was a guest of Mrs. N. Hart this week.

Mr. Shady and family of Yam Hill, Or., were guests of Dr. and Mrs. Bickford the past week.

Mrs. W. J. Cole of Hardacre entertained the Ladies Euchre Club yesterday afternoon.

Mrs. John Hunter will leave tomorrow for Alameda to visit her daughter, Mrs. Alameda Hunter, and other relatives and will be absent several weeks.

Sheriff Clark inspected the sugar factory at Alamosa two days this week.

The marriage is reported of Miss Nellie Brown to Robert Brown, who is connected with the San Francisco street-car service.

PREPARATION FOR SCHOOL GRADUATION.
JUNE TWENTY-SIXTH AT HAZARD'S GREAT DATE.

President David Starr Jordan Disappoints High School Seniors—Addresses Will be Delivered by Prominent Los Angeles Citizens.

June 26th in the hey-day height of what frost-bitten Easterners are pleased to think of as the "summer of the winter and summer senior classes" of the Los Angeles High School will be graduated, and already plans are afoot for the celebration of this happy event. A joint committee of seniors from the two classes was appointed a few days ago, and will report proposed arrangements to Principal Hough early next week.

The graduating exercises will be held in Hazard's Pavilion on Friday evening, June 26, and it is a safe wager that the big hall will house a carnival of flowers. Last year the chief speaker at the graduating exercises was Dr. Benjamin Ide Wheeler, president of the California State University.

Of course, there will be music, vocal and instrumental; the customary class song will be sung, and the time-honored compliments laid at the feet of the teachers, into whose humanitarian lives has never been a gleam of selfishness. "Spare the rod and spoil the child." For being a High School graduate is like pulling all your old debts with a bundle of money from home—transfers you into a blooming philanthropist. It were.

That's as far as graduation plans have gone, to date.

FREE METHODIST CAMP.
City of Tents Has Been Raised at Mineral Park, Garvanza—Annual Conference in Session.

Mineral Park, the new camp ground laid out by Ralph Rogers in the Arroyo Seco, one of the prettiest bits of wild wood in Southern California, by the way, has as its first public event the annual camp meeting and conference of the Free Methodist Church of Southern California and Arizona.

About sixty tents have been raised, in picturesque confusion through the tangle of trees and tangled vines of the twenty churches in this conference, and many outsiders.

The camp meeting opened Wednesday evening with a sermon by Rev. J. B. Roberts of Santa Paula, Thursday morning Rev. A. B. Gill of Botsford, and the morning service, Rev. F. A. Ames of Whittier in the afternoon, and Rev. S. F. Hellman of Phoenix, Ariz., at night.

Yesterday morning Rev. Clyde R. Ely of Compton, in the morning sermon, Rev. M. W. Downing of Utica, N. Y., spoke in the afternoon, and last night the sermon was by Bishop E. F. Hart of Alameda, who arrived on the camp grounds yesterday.

Today at 9 o'clock the business session of Los Angeles district will convene. Bishop Hart will preach in the Mineral Park pavilion Sunday morning at 11 o'clock.

The regular camp meeting services will continue until Wednesday, when Bishop Hart will convene the annual conference, which will close its sessions with the reading of the list of appointments of pastors one week from tonight.

A special feature of interest at this conference will be the election of one ministerial and one lay delegate to the General Conference, which will convene in June at Greenville, Ill.

The annual meeting of the Woman's Foreign Missionary Society will also be held during the coming week, and they will elect delegates to the General Conference.

The Free Methodist Church has always been rightly known to be open to its membership to any one who has taken the oath of association with the society, and has refused admission to its membership to any one who has taken the oath of association with the society, and has refused admission to its membership to any one who has taken the oath of association with the society.

Of late such pressure has been brought to bear on the churches to admit members of such-and-such a denomination, and the matter is to be taken up at the coming General Conference.

In the local conference in all Southern California, together with full details of Los Angeles' annual celebration, La Fiesta de las Flores.

Good Results That are Permanent are Positive Proof of Correct Methods

SUCCESS

Invariably attends all patients we treat; our ability to cure is unquestioned. It is SUCCESS that brings our large and increasing practice—we make good every promise.

Why are we successful in our business? Why do we have so large a business? Why is our practice constantly growing in volume? The answer is a simple yet truthful one. Because we know our business. Our phenomenal success in the first place is based on a thorough medical education supplemented by many years of experience. Men's' cure by us go out saying only good things of our treatment. Our methods have done for them what others have failed to do—we have given them health and strength. This has been accomplished by skillful work, and scientific treatment aided by good practical common sense. Our knowledge of what to do and how to do it, is but the understanding of how to assist nature in trying to throw off abnormal and diseased conditions. Our experience has taught us just the right help to nature. We give that. Nature does the rest. It is ever our purpose to place ourselves before the public in a true light. We do not care to occupy a false position in any particular. Our claims for superiority in the treatment and care of "Diseases of Men" are based on solid facts that speak for themselves. Our business is regular and legitimate. We tell the people what we can do, and are ready to make good all our claims. We are always ready to prove ourselves by our work. All who come to us are received cordially, given consultation and thorough examination free of charge. If living at a distance write us for our Booklet on Diseases of Men, together with anatomical chart. They are desirable for all men, and will be sent free on request.

OUR SANITARIUM

Is furnished with skilled nurses; has cool, airy, well ventilated rooms and every known convenience for giving comfort to sick people. It is an up-to-date modern institution to which our patients go free of charge.

Varicocle, Hydrocele, Stricture, Piles, Blood Diseases, Private Diseases, Bladder and Kidney Trouble, and We Ask Not One Dollar Until You Are Cured.

VARICOCELE

We have treated and cured more men than all other specialists on the Pacific Coast combined. We have no hesitancy in saying that our cure for varicocle is the only absolute and perfect cure. Hardly a day passes that men do not come to us saying: I have been treated by different men for months and years receiving no relief. Can you cure me? To all men suffering with varicocle we say: We can and will POSITIVELY CURE YOU OF VARICOCELE if you place yourself in our hands. THIS WE GUARANTEE IN EVERY CASE and will show you dozens of men we have cured.

TREATMENT BY MAIL

Some cases can be cured by sending treatment to the patient just as quickly and permanently as by treatment personally at the doctor's office. Such cases can be cured by mail. In order to get the necessary attention, we send out a booklet containing a full description of the disease we treat. Our question list, when fully and correctly answered and returned to us, will enable us to tell you the exact nature of your trouble free of any charge, and we will be obliged to go to the extra expense of coming to the city to treat with us personally.

Girl's New Work
Girls who work are particularly susceptible to female ills, especially when obliged to stand on their feet from morning until night. Among this class the symptoms of female diseases are early manifest by weak and aching back, pain in the lower limbs and lower part of the stomach; in consequence of frequent wetting of the feet monthly periods become painful and irregular, and frequently faint and dizzy spells, with loss of appetite, until life is a burden and it is hard work to drag about. All these symptoms point to a derangement of the female organism, and if taken in time can be easily and permanently cured.

A Cordial Invitation to Every Sick and Ailing Working Girl.
It is to these girls that Mrs. Pinkham holds out a helping hand, and extends a cordial invitation to correspond with her. Her unrivaled record of success in treating woman's ills makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass. Don't put off writing her until your health is wrecked.

Grateful Words from Working Girls Who Have Been Helped.
"Dear Mrs. Pinkham:—I want to thank you for what you have done for me. I was dreadfully tired, I stand over my work all day, and no one who hasn't tried it knows how it makes your back and sides ache. I couldn't sleep, and had no appetite, but thanks to Lydia E. Pinkham's Vegetable Compound, I feel entirely different now; it is a wonderful medicine. I do not feel that my work is hard now, and I recommend your medicine to other girls who are always tired."—Miss Isabel Brown, 233 Willis Ave., New York City.

Wise is the woman who has faith in LYDIA E. PINKHAM'S VEGETABLE COMPOUND.
"Dear Mrs. Pinkham:—Lydia E. Pinkham's Vegetable Compound has done so much good for me that I wish to recommend it to all girls whose work keeps them standing on their feet all day in a hot store. The doctor said I could not live and I must give up work, and stay out of doors; he did not seem to realize that a girl cannot stop working. My back ached, my appetite was poor and I could not sleep; menstruation was scanty and very painful. One day when I was alone I commenced to take Lydia E. Pinkham's Vegetable Compound, and it helped me. I soon found that my menstrual periods were free from pain and natural; now my health is fine, and every one is surprised at the change in me, and I cannot be too grateful for what you have done for me."—Miss Janet Parker, 530 West 125th Street, New York City.—\$5000.00 for full trial of original of above letters proving genuineness cannot be produced.
